Professional, mobile-friendly websites for Jamaican businesses, entrepreneurs and organizations. All prices are in Jamaican dollars (JMD).

STARTER ONE-PAGE WEBSITE

J\$50,000 - J\$75,000

BEST FOR	ESTIMATED TIME
Start-ups, professionals, events and small service businesses that need a credible online presence without a large multi-page site.	3-5 business days

WHAT IS TAKING PLACE

The visitor moves through one continuous scrolling page. The banner introduces the business, service cards explain what is offered, the About section builds trust, and the contact area directs visitors to call, WhatsApp, submit a form or locate the business on a map.

WHY THE PACKAGE COSTS THIS AMOUNT

This is the lowest-cost package because the information is organized on one page and the functionality is straightforward. The cost covers custom styling, mobile responsiveness, layout of up to six sections, contact tools, image preparation, testing and launch configuration.

WHAT IS INCLUDED

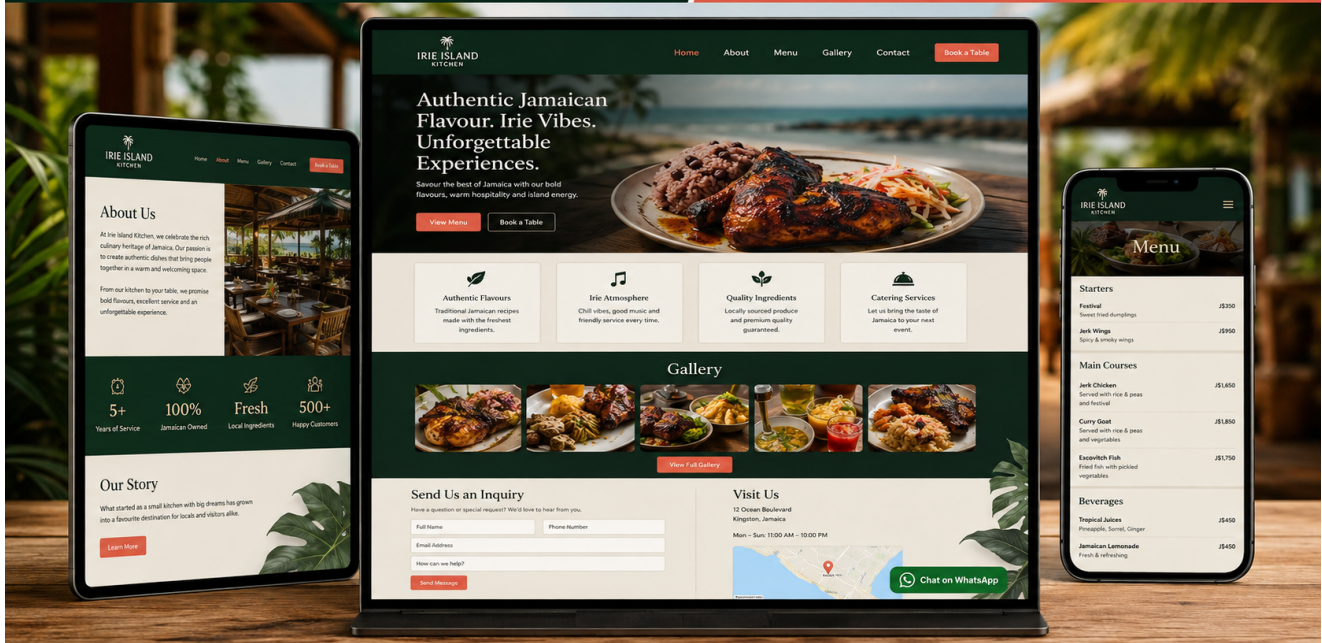

- One scrolling page with up to 6 sections
- Homepage banner and service summary
- About section and contact form
- Google Map, WhatsApp and social links
- Basic image optimization
- 2 revision rounds and 30 days of launch support

ESSENTIAL BUSINESS WEBSITE

J\$95,000 - J\$145,000

ESSENTIAL BUSINESS WEBSITE

J\$95,000 – J\$145,000

BEST FOR

Established small businesses that need separate pages for their story, services, gallery and contact information.

ESTIMATED TIME

5-10 business days

WHAT IS TAKING PLACE

Visitors use a clear menu to move between Home, About, Services or Menu, Gallery and Contact pages. Each subject receives more space, making the website easier to explore and giving the business a more established, professional presentation.

WHY THE PACKAGE COSTS THIS AMOUNT

The higher rate reflects the additional pages, navigation structure, content entry and testing required. Every page must work consistently on desktop, tablet and mobile, while forms, maps, WhatsApp, social links and basic analytics must be connected and checked.

WHAT IS INCLUDED

- Up to 5 professionally styled pages
- Homepage, About, Services, Gallery and Contact
- Inquiry form and Google Map
- WhatsApp and social-media integration
- Basic analytics connection
- 3 revision rounds and 30 days of launch support

PROFESSIONAL GROWTH WEBSITE

**J\$160,000 -
J\$260,000**

BEST FOR	ESTIMATED TIME
Companies, schools, funeral homes, churches and organizations that need more content, stronger presentation and interactive features.	10-15 business days

WHAT IS TAKING PLACE

The website supports six to ten pages and deeper visitor journeys. News or blog updates keep information current; galleries showcase activities; advanced inquiry or booking-request forms collect better details; newsletters help build an audience; and analytics provide insight into visitor activity.

WHY THE PACKAGE COSTS THIS AMOUNT

This package requires more design planning, content organization, page templates and feature connections. The rate also covers an editable content area, advanced forms, newsletter and analytics setup, broader testing, additional revisions and a basic training session for the client.

WHAT IS INCLUDED

- 6-10 pages with enhanced visual design
- Blog, news or editable content area
- Advanced inquiry or booking-request form
- Analytics and newsletter connection
- Photo gallery and content entry
- 4 revision rounds, training and launch support

ONLINE STORE / E-COMMERCE

**J\$280,000 -
J\$550,000**

BEST FOR	ESTIMATED TIME
Retailers and brands that want customers to browse products, place orders and make payments online.	15-20 business days

WHAT IS TAKING PLACE

Customers browse categories, open product pages, choose options, add items to a cart and proceed through checkout. The system calculates delivery rules, sends order emails, tracks basic inventory and connects to an approved payment gateway. The owner receives training to manage products and orders.

WHY THE PACKAGE COSTS THIS AMOUNT

An online store is more than an information website. Product setup, cart logic, checkout, payments, delivery rules, order notifications, security checks and launch testing must work together. The range varies according to product count, payment method, shipping rules and store complexity.

WHAT IS INCLUDED

- Up to 30 products and product categories
- Shopping cart and secure checkout
- Payment-gateway connection
- Shipping or delivery rules and order emails
- Basic inventory and launch testing
- 4 revision rounds and store-management training

CUSTOM WEBSITE / WEB SYSTEM

From J\$600,000

BEST FOR	ESTIMATED TIME
Organizations needing member accounts, portals, directories, marketplaces, advanced booking, dashboards or custom database workflows.	Quoted after consultation

WHAT IS TAKING PLACE Users securely log in and receive personalized access to dashboards, bookings, records, payments, messages or reports. Administrators manage users, content and database activity from a protected area. External services may connect through APIs and automated workflows. WHY THE PACKAGE COSTS THIS AMOUNT This is a custom software project rather than a standard website. Pricing begins after discovery because the database, user roles, security, integrations, workflows, dashboards and testing must be designed for the client’s exact operation. Scope and timeline depend on the final requirements.	WHAT IS INCLUDED • Discovery, planning and detailed quotation • Member accounts and role-based access • Portals, dashboards and database workflows • Advanced booking, payments or directories • Custom integrations, APIs and automation • Testing, documentation and training based on scope

DOMAIN, HOSTING AND YEARLY MAINTENANCE

Website design is normally a one-time project cost. Domains, hosting or platform plans and maintenance are recurring services required to keep a website accessible, secure and current.

DOMAIN SERVICE	PRICE	WHAT IS INCLUDED
Standard domain registration and setup	J\$10,000 First 12 months	Domain search and purchase, eligible privacy setup, DNS connection and expiry tracking for a standard non-premium domain costing up to US\$20.
Annual domain renewal and management	J\$10,000 / year	Registrar renewal payment, renewal tracking and continued DNS management. Payment is due at least 30 days before expiry.
Premium or higher-cost domain	Registrar cost + J\$3,500	For domains whose purchase or renewal cost exceeds US\$20. The exact registrar price is confirmed before purchase.
Hosting / website platform	Quoted separately	The provider subscription depends on the platform, traffic, storage and website features. The annual cost is confirmed before launch.

DOMAIN OWNERSHIP

The domain remains the client's property. Teacha Designz manages it as an authorized service provider and will transfer control to the client upon written request once the account is fully paid.

OPTIONAL YEARLY WEBSITE CARE PLANS

Care plans help keep the website checked, supported and updated after the included 30-day launch-support period.

CARE PLAN	YEARLY FEE	INCLUDED SERVICE
Essential Care	J\$36,000 / year	Quarterly health checks; backup and broken-link review where supported; up to 6 minor text or image updates per year; email support.
Business Care	J\$60,000 / year	Monthly health and performance check; backup review; up to 1 hour of minor content changes per month; priority support.
E-Commerce Care	J\$96,000 / year	Monthly store and checkout review; up to 2 hours of updates per month; up to 5 product edits per month; priority technical support.

Minor updates include replacing supplied text or images within the existing layout. Care plans do not include a redesign, new pages, new functionality, photography, copywriting, advertising, product creation or third-party subscription fees.

POPULAR ADD-ON SERVICES

ADD-ON	PRICE RANGE
Additional standard page	J\$12,000 - J\$20,000 per page
Website copywriting or content rewriting	J\$8,000 - J\$15,000 per page
Business email setup	J\$12,000 - J\$20,000 + provider subscription
Google Business Profile setup	J\$15,000 - J\$25,000
Advanced booking or payment integration	J\$25,000 - J\$75,000
Extra product upload after package allowance	J\$1,000 - J\$1,500 per product
Rush delivery, where available	Add 25% to the project price

HOW YOUR WEBSITE PROJECT WORKS

A clear process helps us deliver the right website on time. Work begins after the project scope is approved, the deposit is paid and the required content is received.

STEP / STAGE	WHAT HAPPENS
1 - Consultation	We discuss your business, goals, preferred style, pages, features and target customers.
2 - Quotation and deposit	You receive a written quotation. A 60% non-refundable deposit confirms the project and secures your start date.
3 - Design and development	You provide the logo, text, images and business information. We design, build and test the website.
4 - Review and approval	You review the website and request changes within the revision allowance included in your package.
5 - Final payment and launch	The remaining 40% is paid before the website is connected to the live domain and officially launched.

CLEAR COMMUNICATION

Any delay in receiving the client's content, approvals or required account access may extend the delivery date. Changes outside the agreed scope are quoted before additional work begins.

IMPORTANT TERMS

These terms help keep every project clear, fair and professionally managed.

TERM	DETAILS
Pricing and quotations	Prices are estimates and may change according to the final scope. Written quotations remain valid for 30 days. All prices are stated in JMD.
Client content	The client supplies accurate text, photos, product information, policies and account access. Delays in receiving content will extend the delivery date.
Payments	A 60% deposit is required to begin. The remaining 40% is due before launch. Deposits are non-refundable once research, design or development has started.
Third-party services	Domain, hosting, platform plans, payment gateways, premium applications, licences and transaction fees are not included unless listed in the quotation.
Revisions and extra work	Each package includes the stated revision rounds. Additional revisions, pages, redesigns or features are quoted separately before the extra work begins.
Support and maintenance	Design packages include 30 days of launch-related technical support. Content updates and ongoing care after that period require a maintenance plan or separate quotation.

CHOOSE THE RIGHT WEBSITE PACKAGE

The best package is based on the number of pages, amount of content, customer actions, integrations and level of administration required.

PACKAGE	INVESTMENT	MAIN PURPOSE
Starter One-Page Website	J\$50,000 - J\$75,000	Simple online presence
Essential Business Website	J\$95,000 - J\$145,000	Complete small-business website
Professional Growth Website	J\$160,000 - J\$260,000	Content-rich growth platform
Online Store / E-Commerce	J\$280,000 - J\$550,000	Online product sales
Custom Website / Web System	From J\$600,000	Custom portal or business system

IMPORTANT PRICING NOTES

Final quotations depend on the approved scope. Package prices cover design and development unless otherwise stated. Domain registration, hosting or platform subscriptions, premium applications, payment-gateway fees, premium stock assets and ongoing maintenance are separate costs.

All packages include responsive layouts for desktop, tablet and mobile, brand styling, basic on-page search setup, social links, launch configuration and 30 days of launch-related technical support. A 60% non-refundable deposit is required to begin, with the remaining 40% due before launch.
